CCB Workshop on Sleep, Health and Work Schedules

February 15, 2017 | 1:30 PM - 5:20 PM | UCSD Sanford Consortium

Speakers and Schedule:

1:00pm  Registration

1:30pm  Michael Gorman – Adapting to shift-work schedules: What we’ve learned from human and animal studies
        Professor of Psychology, UC San Diego

2:15pm  Kenneth Wright – Shift work: Challenges and countermeasure strategies
        Professor of Integrative Physiology, University of Colorado Boulder

3:00pm  Break

3:20pm  Sonia Ancoli-Israel – Sleep disorders: Consequences and treatment strategies
        Professor Emeritus of Psychiatry and Medicine, UC San Diego

4:05pm  Phyllis Zee – Applying strategies to shiftwork: Case studies
        Director of the Center for Circadian and Sleep Medicine, Benjamin and Virginia Boshes Professor of
        Neurology, Northwestern University Feinberg School of Medicine

4:50pm  Q&A

5:20pm  Adjourn

Workshop Objectives:

- Understand how brains and bodies are governed by daily clocks that resist the scheduling demands of shiftwork in our 24/7 society
- Learn what animal studies indicate about health consequences of circadian disruption and how flexibility of clocks can be enhanced
- Discover how inadequate sleep (secondary to sleep disorders or sleep restrictions) significantly impairs cognitive and work performance
- Examine common problems experienced by shift-workers and learn practical techniques for minimizing disruption of circadian clocks
- Implement strategies for combating insomnia and hypersomnia and getting the most restorative value of sleep
